FOR IMMEDIATE RELEASE

Greenwich Land Trust and Garden Education Center Hold a Workshop on Fruit Tree Grafting

The Greenwich Land Trust has partnered with the Garden Education Center for a workshop on fruit tree grafting techniques.

On **Thursday, March 27** from **10:00AM-1:00PM**, Charles Day, a former commercial fruit-grower, will talk about the collection and storage of scion wood, rootstocks and their Function, different types of grafts, and the art of tying and waxing.

Participants will have the opportunity to hone their grafting skills on real trees on one of the Greenwich Land Trust's beautiful orchard preserves.

Bring Lunch, Drink & Dessert provided
Material fee \$5.00 paid day of class
Registration Required
